Sharia Law- Why the Tea Party should  
be watching...

**US LAW UNDER FIRE**

# ACT! For America and Tea Party-9/12 Groups

- ACT! For America educates on the danger of sharia law to our freedoms/laws.
- We want to be a resource for you
- Growing trend all over the country...

# ACT! For America's message

- Even though we hear about terrorism every day, there is still great potential for hope
- The key is education of people like YOU
- Once we all are awake, and we understand what the danger of political Islam is, we can effectively neutralize its' effects
- sharia strips people of the ability to fight back – **but TOGETHER we are strong**

People fear what they do not understand. America must understand political Islam/sharia law in order to defend against it without fear.

**FAITH IS THE ABSENCE  
OF FEAR... .IF WE ALLOW  
FEAR TO RULE US, WE  
MAKE FEAR MORE  
POWERFUL THAN GOD.**

# Why worry about sharia?

## ■ Christianity

- 10 Commandments
- Family/ cultural traditions
- US law not threatened
- US law exists and honored by Christians

## ■ Islam

- Sharia law
- Religion
- Cultural/traditions
- **Cannot be separated**
- **US law is null/corrupted and cannot be respected!!!**
- **Muslims must ignore part of Koran to observe US law.**

# Sharia vs. US Law

## Why here, why now?

The Terrorist Network in America, 1991–2007

The Investigative Project on Terrorism

This map represents the cumulative terrorist network in the United States over more than a decade and a half. It is not meant to be a snapshot of the current terrorist network.

# What you will learn today

## 1. Sharia Law is the OPPOSITE of US Law

(Federer's What Every American... the Quran)

2. America can successfully repel political Islam when you know the **difference between Islam "the religion" and Islamic sharia law (political Islam)**. Education is the key.

(Warner's Sharia for Non-Muslims)

# US History of Islam..who knew?

- This Founding Father and President, after repeated attempts at diplomacy, paying ransoms for the return of Americans, and the realization that Muslims do not intend to keep treaties, sent the Marines to capture Tripoli and force the MUSLIM Pasha to stop terrorist attacks on American merchants at sea. Who is he?
- **Answer: Thomas Jefferson, 1803**

# US History of Islam..who knew?

- Theodore Roosevelt wrote in his book, "Fear God and Take Your Own Part," p. 351:
  - The Lusitania and some 1,200 non-combatants were drowned...Centuries have passed since any war vessel of a civilized power has shown such **ruthlessly brutality toward non-combatants**, and especially toward women and children. **The Muslim pirates of the Barbary Coast behaved at times in similar fashion until the civilized nations joined in suppressing them**
  - **(Federer 157)**

# US History of Islam..who knew?

- This founding father wrote of Muslim treaties: "The victorious may be appeased by a false and delusive promise of peace... the commands of the prophet may be performed alike, by fraud or by force... such is the spirit, which governs the hearts of men, to whom treachery and violence are taught as principles of religion."
- **John Quincy Adams, ("Essays on Turks"p.274-275)**
- **(Federer 159-162)**

# Present day: Political Islam in the Midwest

- Hizb ut Tahrir operating and recruiting in **Chicago**
- ISNA (Islamic Society of North America) in **IN**
- **Dearborn MI**- Arab International Festival enforcing sharia law over US freedoms of speech and religion (Thomas More Law Center defending)

# Sharia Law vs. U.S. Law

When political groups collide, We the people must defend freedom and use common sense.

## Totalitarian vs. Free Republic

# A [devout]Muslim's view of politics

## US LAW

- Temporary, limited
- Man made- inferior
- Document of "jahiliyah" or ignorance that must submit to sharia
- Common law/interpretive

## Islamic SHARIA LAW

- Perfect, eternal, universal
- Sacred law from ALLAH
- Duty of all Muslims- follow
- Based on principles from Koran/other texts
- Superior /not interpretive

There are no common principles between US Law and Sharia.

# Sharia Law vs US Law

## US Law

- Freedom of speech, press
- Freedom of religion
- Right to bear arms
- All people created equal

## Islamic Sharia Law

- For muslims ONLY and no criticism of Islam allowed
- For Muslims ONLY- no other religion tolerated
- For Muslims ONLY
- Male Muslims above all others, women worth 1/2 of man. Non-muslims below.

# Sharia Law vs US Law

## US Law

- No restrictions on thought/arts
- Equal rights for women
- Justice is “blind”
- Protection from cruel/unusual punishment
- **The Golden Rule**

## Islamic Sharia Law

- No freedom of thought, artistic expression
- Women can be beaten, polygamy common
- Justice is dualistic- MM vs. MW and non-Muslims
- Slavery common
- Stonings, beheadings
- **NO GOLDEN RULE**

# SL in America: connecting dots

- So why is this all important? Sharia is a rival political system given free reign in the US.
- **Americans should know if a rival seditious political system is working among us!**
  - Mainstream press
  - FBI/Homeland Security
  - terrorist training camps

What if there was one political party that threatened the others?? What if it was enmeshed in a outer covering of “religion?”

**POLITICAL CORRECTNESS**

**IS NOT A FRIEND OF FREEDOM**

## Education: Knowing the Difference politics vs. “religion” of Islam

- Islam the religion: deals with the individual
  - Pray 5 times a day
  - Pay Zakat to Islamic charity
  - Hajj once in their lifetime
  - Fasting during Ramadan
  - Differing opinions on jihad obligations
    - The Koran states that jihad is actual physical force and the Taliban really does have it right. They are the most pure or most fundamental... and the most violent.

# Knowing the Difference: **Political Islam** vs. religion of Islam

- Political Islam is the doctrine that deals with the Non-muslim. Any activity that attempts to **enforce SHARIA on a non-muslim or other government, workplace, school**
- **Jihad is political action** with religious motivation. It's purpose is to spread Islamic sharia law.

So if Sharia is the opposite of US LAW... why is Sharia not being discussed more vigorously?

□ **MULTICULTURALISM**

- Socialist mantra we all are equal, no one is better than anyone else, de-emphasize American exceptionalism
- Don't take away anyone's cultural identity or mess with religion

□ **LACK of EDUCATION**

- People are told that Islam is a religion of peace
- Attacking those who speak against Islam
- All religions are the same, don't worry... "Outreach" efforts
- We worship the same "God," Jesus is in the Quran...
- Elected officials are just as clueless as we are; they cannot defend against it either. But this is changing.

Mohammed did not succeed with his program of religion (only 150 converts), but his political process of jihad triumphed.

**SHARIA LAW IS THE POLITICAL IMPLEMENTATION OF ISLAMIC CIVILIZATION(WARNER 8).**

# London, Feb. 2006

# Nuts and Bolts: Sharia Law

- No freedom of religion: Islam only, all others suppressed/eliminated
- No freedom of speech/press/expression unless it conforms to Quran
- No right to bear arms, unless you are Muslim
- Women are not equal to men (worth ½ of man)- applies to all legal law/contracts
- Polygamy, slavery accepted
- Sharia – ZAKAT charity to jihad groups

# Nuts and Bolts: US Law

- Freedom of speech, assembly, gun ownership, voting rights, non-discrimination
  - Full disclosure laws in finance: transparency for investors
- 

# Why political Islam has no place in a free republic

- SL/Political Islam is the systematic implementation of Islamic civilization (Warner 8)
- Political Islam is the doctrine that deals with the non-muslim- it strips us of our US Const. rights
- **Every Constitutional Amendment (except 16<sup>th</sup>) is in direct opposition to sharia law (Federer 18-20)**
- **THERE ARE NO COMMON PRINCIPLES between American law and sharia law (Warner 9)**

# The secret: Western perspective

- Muslims living in the USA do not have to follow sharia law, “pure Islam” is not realistic according to the concept of “Tayseer” or lightening of one’s burden (Koran 4:28)
- The concept of “durura,” or necessity: if necessary, what is forbidden is allowed
- In short, Islamic demands are about “wants”
- **By banning SL, no Muslim’s needs are violated. We are restricting political Islam, not religious Islam. (Warner 41)**

The Middle Eastern perspective is supremacist: it must honor sharia over all other laws, no national boundaries are respected except the Ummah and everyone else.

**WE HAVE A CLASH OF “MIND SETS”**

**WESTERN FREEDOMS (HUMAN RIGHTS)**

**VS.**

**SHARIA LAW**

**(CAIRO DECLARATION OF HUMAN RIGHTS)**

# Banning Political Islam/ Sharia Law

- Example: When we say no to Sharia prayer at school, we are not limiting religious freedoms, **we are protecting Kafir citizens against Islam's political demands.** If a Muslim cannot pray at appointed times, sharia law says they can be made up later
- **Mohammed delayed prayer, so all Muslims can delay prayer (Warner 41).**

# Be a part of the solution: Education is KEY

Learn all you can about sharia, from more than one source (some Muslims write half truths for infidels)

- Reliance of the Traveller, by Nun Ha Min Keller, Amana Publications. 1200 pp. Amazon.com
- Sharia for Non-Muslims, by Bill Warner (\$5.00)
- What Every American Needs to Know about the Quran, by William Federer
- **THEN educate your elected officials!!!!**

# What's the catch?

- Muslims believe that Islam is all or nothing, superior, and incapable of change.
- Some American muslims are also deceived and truly believe Islam is peaceful (they have only been taught the early Meccan verses)
- **Until Americans accept that they are being deceived**, on purpose and in part due to ignorance or willful silence, we cannot defend ourselves.

# Walking away.. what next?

- Americans fear what they do not understand.
- Accept that Islam forces submission to ALLAH only; tolerance is a one way street.
- Islam is a religion of peace AS LONG AS the whole world submits to Islam.
- History shows us examples of Islamic supremacy if we look for it.
- **America will lose her greatness if we let ourselves be bullied by one political group.**

# Islam: the political group with Sharia AS THE TROJAN HORSE

- Islam seeks to control **our behavior** by enforcing sharia law---- this is political
- Islam's tolerance is a one way street
- Viewed as the political threat that it is, it's continual requests for accommodations and threats of violence should be huge red flags....
- In Muslim countries, where are the non-muslims? (HIDING!)
