

# Citizens for A Progressive Whitley County

## Facts on a proposed 150 megawatt Wind Farm:

- \$230,000 increased tax revenue to Whitley County Comm. Fund in first 10 years.
- \$63,000 in increased funding to Washington, Jefferson and Cleveland Township fire departments over first 10 years.

This is the top half of the CPWC advertisement from Tuesday 1/10/2012. The bottom half is on the next page.

- \$1,500,000 increased to WCCS and Whitko Cumulative Fund in first 10 years.
- \$2,000,000 paid to Whitley County Economic Development Commission for lost economic opportunity over first 10 years.
- Reduced property tax rates in Cleveland, Jefferson and Washington Township.
- Crossroads Wind Project is a \$400 million project that will create 10-12 permanent jobs and up to 200 construction phase jobs at no cost to Whitley County.
- Up to \$4.8 million in increased economic activity to local business each year.

**These numbers were formulated by Umbaugh and Associates at the request of Whitley County.**

*This ad was approved and paid for by hundreds of concerned citizens residing in the Crossroad Wind Farm Project area.*
